

# IMPORTANT **RECYCLING** INFORMATION

The Service Department no longer picks-up recycled paper products curbside. You are able to drop off your paper at the Paper Retriever containers, which are placed in numerous locations throughout the City. These changes were made in an effort to be more cost effective with our recycling program. The City of Brook Park is still very committed to the recycling program and we are hoping that you will continue to participate in this program. Recycling your paper in these containers will generate funds for the City that will be used towards our Special Events throughout the year.

## The following is a list of Paper Retriever Container locations:
