Dear Customer,

As you know, the entire world has been subject to an unprecedented global public health crisis over the past 20+ months. While our industry has shown incredible resilience and we have been instrumental in keeping the world moving, unrelenting and prolonged turbulent economic conditions have resulted. The challenges include skyrocketing material and component costs, increased labor wages, rising fuel prices, higher logistics rates and the highest rate of inflation in over three decades.

Daimler Truck North America has worked tirelessly to mitigate the effect of those increased commodity costs to you, our valued customer, and to provide the dealer network with a plan pertaining to production slots available and timing of production. However, there are a few items we would like you to be aware of.

- Supply chain and operations teams continue to face challenges which will affect production slots allotted to each dealer. Our allotted production for the coming year is already very limited and truck orders will be assigned production slots in the order that they are received.
- We will make every effort to provide our customer with an accurate estimate of production for their order. However, supply chain issues again may cause there to be an adjustment to these production times.
- Continued issues with the supply chain and changes in the economy may make it necessary to implement a pricing surcharge.
- If there are adjustments made to the production schedule for your order or a pricing surcharge is added we will contact you as soon as we are made aware to discuss these changes.

In closing, we would like to convey our appreciation for your business. We value deep seated partnerships that extend past recessionary cycles, and are built on the mutual desire to see each other succeed. To that end, we look forward to continuing to be your dealer partner of choice now and well into the future.

Best Regards,

David Hilbner

**AMENDMENT TO ODOT CONTRACT 023-22  
BETWEEN  
THE STATE OF OHIO, DEPARTMENT OF TRANSPORTATION  
AND  
Truck Country of Indiana, Inc.**

**ADDITION OF CONTRACT TERMS**

This AMENDMENT to ODOT Contract 023-22 is entered into by and between the State of Ohio, Department of Transportation, ("ODOT" hereinafter), 1980 West Broad Street, Columbus, Ohio 43223, and Truck Country of Indiana, Inc. ("Vendor" hereinafter). Hereinafter, ODOT and the Vendor will be referred to as the "Parties".

The Parties agree to amend the terms and conditions of the original Contract (which is a reflection of the original intent of the contract as documented by the pricing pages and communications) as follows:

- A. ODOT will modify existing Purchase Orders for equipment only if the following criteria is met: 1. The equipment has not been built by the manufacturer, 2. The manufacturers' pricing increase is being applied to this equipment purchase and 3. The contract vendor's price increase is the same as manufacturer's price increase.

- B. ODOT is adding the following language to the contract:

All bid pricing shall not increase for the first sixty (60) calendar days after the date of the bid opening. Thereafter, a request for a price increase may be submitted in writing to the Department's Office of Contract Sales along with all documentation that supports the need for the price increase. No price increase will be effective until it is approved by the Department and the Vendor is notified of such approval in writing. The price increase will take effect upon the date the Vendor is notified. In the event that a price increase is accepted by the Department, the Vendor may not seek an additional price increase for at least thirty (30) calendar days. The Department reserves the right to reject any proposed price increase, or to cancel the contract if such action is determined to be in the best interest of the Department.

In the event of a price decrease, the Department shall be guaranteed full benefit of the price reduction for all orders on the effective date of the decrease and thereafter. If the Vendor and the Department cannot agree on a renegotiated price, the Department will have the right, upon notice to the Vendor, to immediately remove the affected products and services from this Contract.

- C. All other terms and conditions in the original Contract fully executed on September 23, 2021 shall remain in effect and unchanged.

IN WITNESS THEREFORE, the parties hereunto have caused this AMENDMENT to ODOT Contract 023-22 to be executed by authorized persons thereunto duly authorized as of the day and year last written below.

## North America

December 13, 2021

**To:** All Freightliner & Western Star Dealers (US/CAN)

**Subject:** Model Year 2023 Pricing Surcharge – Freightliner & Western Star

Dear Dealer Partners,

As discussed in our Dealer Town Hall earlier this morning, the entire industry has been subject to an unprecedented number of economic challenges over the past 20+ months. Unrelenting and prolonged turbulent economic conditions have resulted in skyrocketing material and component costs, increased labor wages, rising fuel prices, higher logistics rates and the highest rate of inflation in over three decades.

Daimler Truck North America (DTNA) and our parent company Daimler Truck AG, have worked tirelessly to mitigate the effect of increased commodity and supply chain related costs to you, our valued dealer partners, and our mutual customers to date. However, these continued challenging economic conditions have made it necessary for our company to implement a pricing surcharge on all MY23 Freightliner & Western Star trucks (details below). Increases are in addition to the \$300 MY23 Product Cost Surcharge announced earlier this year.

### Model Year 2023 Pricing Surcharge Details:

- All MY23 units (excluding trucks rolled from CY21 to the first quarter) will be subject to the additional non-discountable surcharge below:

Models	MY23 Production Cost Surcharge	MY23 Pricing Surcharge	Total MY23 Surcharge

4700/47X/4900/49X/122SD/6900	\$300	\$4,200	\$4,500
M2106/112 & 108/114SD	\$300	\$2,600	\$2,900
Walk-in Van Chassis	\$300	\$1,700	\$2,000*

\* For details on surcharge and policies please contact FCCC sales team

- The Total MY23 Surcharge fee applies to all trucks included in your CY22 Dealer Reservation System plan, including both Program and Concession reservations.
- The total non-discountable surcharge will be presented as a single line item on the truck invoice.
- Dealers are responsible to update and include Total MY23 Surcharge on all current and future quotes for CY22/MY23.
- Dealers are responsible to notify customers of the total MY23 surcharge effective immediately.
- Total MY23 Surcharge is in addition to all previous CY22 Surcharges announced by DTNA including FCCC for the Tire Surcharge, DD13 Gen 5, CARB22, Standard Destination & Freight, etc.

### Order Cancellation Policy:

- All units ordered as true MY23 (excluding trucks that were rolled from 2021 to 2022) can be cancelled at N/C by Dec 22, 2021.
- All cancelled orders will be subtracted from your plan volumes and returned to Freightliner and Western Star.

Deat Dealer Partners,

As discussed with you yesterday, the continued challenging global and domestic economic conditions have made it necessary for Daimler Truck North America (DTNA) to implement an additional pricing surcharge on all MY23 Freightliner & Western Star trucks (details below). This new surcharge will be applied on CY22 units with a schedule build date starting May 30th, 2022. Units with a schedule build date on or before May 29th, 2022 are price protected and will not be impacted by the newly updated surcharge.

DTNA is committed to release MY24 Pricing in Q3/2022

### Order Cancellation Guidelines:

- Entire backlog beginning 05/30 is cancellable until April 29th, 2022 (program and concession). This includes units inside the standard 90 day window from schedule build date.
- After April 29th, 2022 standard cancellation policies apply:
  - Program trucks are non-cancellable.
  - Cancellations will only be accepted outside of 90 days from schedule build date.

  - Per standard cancellation policy, all Top 50 cancellations cannot be repurposed and will revert back to DTNA.
