CITY OF BROOK PARK, OHIO

ORDINANCE NO: 11153-2020

INTRODUCED BY: MAYOR GAMMELLA, + C/W

AN ORDINANCE
AUTHORIZING THE MAYOR TO ENTER INTO AN
AGREEMENT WITH WATCHGUARD FOR THE PURCHASE
OF POLICE BODY WORN CAMERAS,
AND DECLARING AN EMERGENCY

WHEREAS, it is necessary for the City to enter into an agreement with a specialist in order to provide for police body worn cameras (BWC); and

WHEREAS, Resolution 20-2019, passed May 21, 2019 authorized the Mayor to submit a grant application with the Department of Justice for body worn cameras; and

WHEREAS, the City was notified by the Department of Justice that we will be receiving a reimbursement grant for \$69,353.00; and

WHEREAS, WatchGuard has provided a quote for this project, which is attached hereto and incorporated herein as Exhibit "A" for \$76,705.00.

NOW THEREFORE, BE IT ORDAINED, by the Council of the City of Brook Park, State of Ohio, that:

SECTION 1: That the Mayor is hereby authorized and directed to enter into an agreement with WatchGuard for purchase of police body worn cameras, warranties, software, licensing, and technical services. WatchGuard is the exclusive and sole manufacturer of the Body Worn Camera systems that are necessary to integrate with police vehicle cameras; Exhibit "B" is WatchGuard Video Sole Source Letter, which is attached hereto and incorporated herein.

SECTION 2: The money needed for the aforesaid transaction shall not exceed \$76,705.00 and shall be paid from the federal forfeiture fund 272 and/or the law enforcement fund 270 and the

capital improvement fund 401 for said purpose, and \$69,353.00 shall be reimbursed to the City from the Department of Justice Grant.

SECTION 3: It is found and determined that all formal actions of this Council concerning and relating to the adoption of this Ordinance were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal action were in meetings open to the public in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

SECTION 4: This Ordinance is hereby declared to be an emergency measure immediately necessary for the preservation of the public peace, health, safety and welfare of said City, and for the further reason that Council deems it necessary for the Mayor to enter into said agreement with undue delay; therefore, this Ordinance shall take effect and be in force immediately from and after its passage and approval by the Mayor.

PASSED: June 16, 2020

M. P. Vecchio
PRESIDENT OF COUNCIL

ATTEST: Michelle Blazak

www.WatchGuardVideo.com

- 4RE exclusively offers the Panoramic X2 camera, manufactured only by WatchGuard Video, which is the industry's only dual lens, rotatable turret camera which houses a 68 degree rotatable camera and a 150 degree panoramic camera.

Wireless Microphone

- The Hi-Fi microphone has near CD quality high fidelity sound, a line of sight range of one to two miles, and superior building penetration capabilities.
- Using patent pending intelligent standby and a lithium polymer battery gives the microphone its extraordinary battery life of up to 24 hours of talk time, and up to 30 days of standby time.
- The wireless microphone holsters are manufactured exclusively for WatchGuard and manufactured to WatchGuard transmitter specification.

VISTA

- VISTA is constructed with industrial grade components and is manufactured in the U.S.A. It is capable of recording both High Definition and Standard Definition video, and battery life capable of record up to 9 continuous hours of HD video. VISTA has other unique features, including:
 - The only wearable camera to integrate with the WatchGuard Video Evidence Library and Evidence Library Express video and evidence management applications.
 - Record-After-The-Fact which gives the ability to retrieve video not previously recorded as an event

EVIDENCE LIBRARY 4 EVIDENCE MANAGEMENT SOFTWARE

- Evidence Library 4 Web (ELA) utilizes Microsoft SQL Server databases, and can be hosted on premise on agency servers, or deployed as a hybrid solution.
 - WatchGuard engineers designed this software from the ground up to have all of the functionality, features, and the customization options necessary to ensure that law enforcement agencies have a tool they can use to protect, search, copy, share and create reports for their video evidence.
 - Using the building blocks of Microsoft Windows Server, Microsoft SQL Server and Active Directory provide for seamless integration into your existing infrastructure.

Prospective WatchGuard Video Customer

Reference: WatchGuard Video Sole Source Letter

To whom it may concern:

WatchGuard Video is the exclusive and sole manufacturer of the DV-1 Digital In-Car Video System, the 4RE Digital In-Car Video System, the High Fidelity Wireless Microphone System, and the VISTA wearable camera system. With the exception of the following agreements, these products are represented and sold only by WatchGuard Video Regional Sales Managers selling factory direct in protected sales territories. The exceptions to this are agreements allowing resellers to distribute WatchGuard products on a General Services Administration Contract (GSA), and State Contracts in Pennsylvania, Louisiana, and New Jersey.

Additionally, several important and unique features are available only with these products;

DV-1 and 4RE Unique Features

- Record-After-The-Fact provides the ability to retrieve video not previously recorded as an event for up to 60 hours of ignition time for retrieval and downloading.
- Through the automatic media overflow function, a DVD (DV-1) or Removable USB Drive (4RE) can be full and the hard drive buffer stores all video until a new DVD or USB Drive is placed in the system. At that time all of the recorded events are captured without 1 second of loss.

DV-1

- The system records digital video onto rewritable DVD-Video discs that play in consumer DVD players, allowing for the actual evidence recorded in the car to be the exact evidence presented in court. The system records pre and post event as part of the same Title and not separated. The DVD burning process happens in real-time, and while in motion.
- Supervisors can recover up to 6 of the previous DVDs recorded in the event a DVD is damaged. The system creates a mirror image of the original.
- The DVD recorder is isolated from shock and vibration using a silicone-oil dampened suspension system.
- The complete system is offered in a 1-Piece overhead mounted version that mounts conveniently using an overhead mounting bracket.

4RE

- 4RE is the only high-definition digital in-car video system available today that features the Patented multiple resolution encoding. This allows the front camera to record in two different IACP compliant resolutions simultaneously, allowing the most critical events to be saved in 720P high-definition and the routine events to be saved in 480P (864x480) resolution.
