CITY OF BROOK PARK INCOME TAX INSTRUCTIONS

WHO MUST FILE:

Every Resident, full or partial year, 18 years of age and older, must file a tax return, whether or not taxes are due, unless that resident is retired with no earned income. See definition of earned income in the **RETIREE** section below.

Every Business Entity, whether a resident or non-resident, who conducts a business in Brook Park must file a return and pay any tax on that profit. If you have a net loss you are still required to file a return. ("Business" includes rental income.)

Individuals, earning income in Brook Park not subject to the withholding of Brook Park income tax must also file a return.

If you received a letter of need to file from this office be sure to **file, even** if you had no taxable income for the year. If you are not subject to Brook Park tax complete the exemption certificate on page 2 of the return.

RETIREES: Retirees who earn wages, operate a business, own rental property or earn other income, are required to file. If your ONLY income source is retirement income (i.e. SSI, other pensions, interest, dividends, IRA and 401k distributions), complete the exemption certificate on page 2 of the return.

UNDER 18: If a person is under 18 the entire year, was employed in the city of Brook Park and had Brook Park taxes withheld, a refund will be issued after receiving a signed tax return with W-2s/W-2Gs and a copy of driver's license or birth certificate attached for verification. Please file refund request form found on our website www.cityofbrookpark.com/tax-department.

FILING STATUS: Taxpayers who prepare their federal and state tax returns using the "married filing separate" status to lower their overall tax liability may still file a joint return for the City of Brook Park. Filing a joint return will neither increase nor decrease your City of Brook Park tax liability. Husband and wife may file joint returns, in which case both must sign the return and submit their social security numbers.

WHEN TO FILE: Taxpayers who end their taxable year on December 31 must file on or before the IRS due date. Taxpayers on a fiscal year must file on or before the 15th day of the fourth month after the close of that fiscal year or other period.

EXTENSIONS: If the deadline to file cannot be met, an automatic extension will be granted if taxpayer received an extension on his federal return. If an extension was not requested or received for federal purposes, a taxpayer may still request an extension to file his city tax by sending a request to the Tax Office by the unextended due date of the return. Extension Forms are located on our website. An extension of time to file is not an extension of time to pay. Payment of any estimated tax due should be sent in by the unextended due date of the return to avoid a late payment penalty. Although not required by state law, a courtesy copy of the extension by the due date of the return when filed or the return will be considered late and a late filing penalty applied.
